

Couplers, Splitters, & WDMs

Alcon Technologies offers a complete line of high performance fused biconic taper couplers, splitters and WDM's. A variety of standard coupler packages, as well as pigtail options and connectorization are available. Non-standard devices can be supplied upon request. All couplers conform to stringent environmental and mechanical standards for high reliability for a variety of field applications.

Features

- Completely passive
- Low loss
- Proven high reliability
- Qualified to major US and international performance specifications
- Low PDL

Benefits

- Independent of source wavelength and signal format
- Minimize link loss; maximize number of nodes
- Engineered for long-term field operation

Applications

- Active monitoring
- EDFA's
- Passive Optical Network (PON)
- CATV networks
- Fiber in the loop
- Fiber optic test equipment and sensing
